## Kirrawee Public School Enrolment Policy For Local and Non-local

### Purpose

This document provides information for the community on the requirements and procedures for enrolling students at Kirrawee Public School.

### Scope of Implementation Guide

The decision to enrol a student is incumbent upon the Principal in accordance with the NSW Department of Education, Enrolment of Students in Government Schools: A Summary and Consolidation of Policy and the requirements of the Education Act 1990. This guide describes the requirements and procedures for all parents and carers wishing to enrol students at Kirrawee Public School from Kindergarten to Year 6.

### Principles

#### Designated Local Area

The Secretary of the Department of Education designates local intake areas as developed by the department in consultation with the principal, school community and Director, Educational Leadership. The School Finder tool

<https://education.nsw.gov.au/school-finder> provides information about the school intake area to assist in determining local enrolment areas. The areas identified in School Finder will be reviewed periodically and may be amended.

#### Enrolment cap

An enrolment cap for a school is established centrally, based on available permanent accommodation.

#### Enrolment Buffer

Within the enrolment cap, a number of enrolment places (the buffer) must be set aside for the enrolment of local students arriving throughout the year. The size of the buffer will differ in each school based on historical data, enrolment fluctuations and on the number of families moving into or out of the area.

The size of the local enrolment buffer is set locally by the principal and approved by the Director, Educational Leadership. It is reviewed annually and set in time for assessing applications for the following year's enrolment intake. Places in the local enrolment buffer are not to be offered to non-local students.

Currently Kirrawee Public school is below the school's enrolment cap.

## Managing Enrolments in Schools

A child is entitled to enrol at any government school if they are eligible and the school can accommodate the child.

### In-Area Enrolments

An in-area enrolment is a student whose permanent residence is situated within the designated local area. Please refer to the Department of Education School Finder tool located at: <https://education.nsw.gov.au/school-finder>. A copy is also available at the school office.

### Enrolment Applications

Parents may seek to enrol their child directly at their local public school by completing the Application to enrol in a NSW Government school form or online. Principals can seek information they consider to be of assistance in determining if a student is a local enrolment. Kirrawee Public School requires all enrolments to request an enrolment appointment with the administration office before processing enrolment applications.

### Kindergarten Enrolments

Children may enrol in Kindergarten at the beginning of the school year if they turn 5 years of age on or before 31st July of that year.

### Enrolment Documentation

The Application to enrol in a NSW Government school form may be submitted to the school at any time throughout the course of the year with copies of your child's birth certificate or passport if your child was born overseas and up to date immunisation record.

### Residential address check

The school will seek evidence demonstrating local permanent residence status through the provision of current original documents. Schools that are at or nearing their local enrolment buffer will use the following 100-point residential address check to determine the student's entitlement to enrol at the school.

Where a parent is able to give good reasons why they are unable to present documents, or in exceptional circumstances, principals may waive or vary the 100-point residential address check requirements when assessing a child's entitlement to enrol at the school. If this is to occur, principals are required to seek the approval of the Director, Educational Leadership.

## Non-Local Enrolments

A Non-Local enrolment is a student whose permanent residence is beyond the designated local area. Parents or caregivers living outside the schools designated local area may apply to enrol their child at the school. Parents must submit a non-local enrolment application. These can be submitted manually through the [Application to enrol in a non-local NSW Government school form \(PDF 286 KB\)](#) (Appendix A) or digitally through the [Online Enrolment for NSW Government schools](#) (link) application form.

Non-Local enrolment applications are considered by schools that can accommodate the child. In determining whether the school can accommodate a child the principal considers:

- the child's age
- the type of school
- the financial and other resources of the school, and
- the existing number of classrooms and other facilities at the school.

Out-of-area enrolment applications will be considered with reference to each applicant's residential address and the following criteria as per NSW Department of Education policy:

Non-local enrolment criteria must include, and these applications given priority:

- to ensure that students with additional needs have access to high-quality public education, students with learning and wellbeing needs requiring reasonable adjustments and/or additional educational support, including cultural considerations, disability, developmental age, trauma, child protection concerns, medical and individual needs and circumstances
- sibling currently attending the school, with siblings of students in support units given priority

Non-local enrolment criteria should include, and these applications given consideration:

- parent or carer works at the school.

Please note: Satisfying one or more of these criteria does not guarantee enrolment. An offer of enrolment will be made to Non-Local enrolments if places are available.

## Temporary residents

Temporary residents must submit an application to the Temporary Residents Program to enrol in a NSW Government school. Temporary residents are entitled to enrol in their in-area school based on their residential address.

## Enrolment Panel

The composition of the enrolment panel is determined locally and will consist of one executive staff member to chair the panel and at least one teaching staff member nominated by the principal and one school community member nominated by the school's parent organisation.

The panel considers non-local enrolment applications in a timely manner. In considering applications, the panel assesses only the information and supporting documentation presented on the non-local enrolment application form, available from the school.

The decision made by the panel must take into account the enrolment cap and the buffer retained for local students arriving later in the year. The panel records all decisions and keeps minutes of meetings which are to be available on request by the principal and Director, Educational Leadership.

The chairperson ensures that the established criteria are applied equitably to all applicants. The school will notify parents of the outcome.

### Waiting list

A waiting list may be created for non-local students who are not offered enrolment. Any waiting list created will remain valid during the current intake period only. The waiting list is determined by the enrolment panel. Parents are advised in writing if their child is to be placed on a waiting list and his or her position on it. The length of the waiting list should reflect realistic expectations of potential vacancies.

### Appeals

Unsuccessful non-local applicants may appeal against the decision of the enrolment panel. The appeal is made in writing to the principal and sets out the grounds of the appeal. If necessary, the principal should provide or arrange assistance, such as an interpreter, to enable the appeal to be set out in writing.
