It is expected that parents will discuss with their child the necessity for absolute co-operation with the staff of the NSW Sport and Recreation Centre and, of course, their own teachers. The **school values** of respect, responsibility, fair go, co-operation and excellence will be **expected** throughout the stay. Should your child display **unacceptable behaviour** during the camp, we will have **no hesitation** in contacting you **to come and collect** your child from **Berry**.

School camp is always so much more pleasurable when everyone aims to co-operate and make a positive contribution to whatever activity is being undertaken.

Children **are not allowed** to bring mobile phones, radios, personal musical devices (e.g. iPods), electronic games, lollies, chewing gum, chips, chocolates or soft drinks.

In a later note, we will ask for dietary and medical details, which are entered online through the NSW Sport and Recreation Website.

Thank you for your co-operation,
